ELECTRIC STORM 41 YEARS AGO CAUSES CREAM SODA INVENTION

Detroit Man Tells of Circumstances Under Which His Grandfather First Served Concoction Now Deemed Necessity by Soft-Drink Patrons.

[By Associated Press.] DETROIT, Mich., Aug. 6.—A summer thunderstorm forty-one years ago resulted in the "invention" of the ice cream soda, according to Fred Sanders, Jr., of Detroit, whose grandfather, Fred Sanders, claimed the distinction of having discovered this American institution.

Speaking of his grandfather's discovery Mr. Sanders said: "Forty years ago the American people regarded ice cream much as they do today. It was not to be eaten at that time they took it straight. Sundaes were in general use in drink concoctions, but the ice cream sundae and its many near relatives were unknown. Carbonated water was used by the soda dispensers in a popular drink known as sweet cream soda. Its chief ingredient was sweet cream, direct from the farm.

"The thunderstorm that brought me my grandfather's discovery came in the summer of 1880. He was conducting a soft-drink parlor, and the storm caused the sweet cream to be intended for soda to sour. Just after the storm passed a wedding party dropped in and my grandfather volunteered to experiment until he found a substitute drink. He tried several drinks and finally concocted one almost identical with the ice cream soda of today.

"Members of the party liked the new drink so well that it became popular within a short time and soon all dealers were making the sodas."

NEGRO MURDERERS SENT HERE TO AWAIT EXECUTION

Raleigh Haskins and Judge Griffith, negroes convicted of the murder of Stephen B. White at Harper's Home, Dinwiddie County, and sentenced to die in the electric chair September 29, were brought to Richmond yesterday. The men were delivered to Sheriff Webb Snyder at the Henrico County Jail by Sheriff Hosenau. The men were removed to Petersburg immediately following the trial, authorities fearing the negroes might be victims of mob violence, and were kept there here.

That the so-called "Lily Black" Republicans of Virginia are determined to contest with their white "brethren" for the leadership of the G. O. P. organization in this State, is indicated by the conference which is to be held today at Bay Shore, where it is expected a complete ticket is to be named in opposition to the tickets already named by the white Republicans and the Democrats. In today's conference, according to information given out yesterday by J. Thomas Newsome, attorney of Newport News, the wealthiest and most influential members of the colored race in this State will be represented.

John Mitchell, editor of the Richmond Planet, and a member of the National Bankers' Association, will be in attendance, and with him will go J. R. Pollard, leader of the Richmond "Lily Blacks." As representative of the newly enfranchised women voters, Maggie L. Walker, said to be one of the two women presidents of banks in this country, will likewise attend as a delegate.

Many professional colored men, including lawyers, doctors, editors and bankers, from all over the state will be in attendance. Attorney Pollard, of Richmond, left last night for Bay Shore.

ROTARY CLUB MEMBERS GO TO VARINA FARM TUESDAY

The annual pilgrimage of the members of the Rotary Club to Varina Farm, Henrico County, will take place Tuesday of this week. They will return to Richmond about 5 o'clock in the evening.

Judge James G. Jenkins Dies. MILWAUKEE, Aug. 6.—Judge James G. Jenkins, 87, who achieved prominence in 1882, when he enjoined employees of the Northern Pacific Railroad from combining or conspiring to strike, died here today.

CALOMEL

Calomel is a dangerous drug. It is mercury—quicksilver—and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work.

Take "Dodson's Liver Tone" Instead!

Here's my guarantee: Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick, I want you to go back to the store and get your money.

Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It cures colic, so let them eat anything afterwards—Advertisement.

A Woman's Point o'View

Oh, My Dear!

OF COURSE, she's a smart person! Take a look at her BAGGAGE. It is perfect. You know what satisfaction smart luggage has upon the minds of the speculating guests. Besides, it makes YOU feel so comfortable.

There are strong Black Cowhide Bags, with brass fixtures and linings and pockets of moire silk; Generous Steamer Trunks, with sturdy trays, roomy Hat Boxes, with cretonne trays, pockets and several holders for keeping hats in place—besides, clothes may be packed around the hats.

Overnight Cases of cowhide will be found indispensable. They are moire lined, and the NEWS I've saved until the LAST is THESE ARE ALL GREATLY REDUCED.

The Spirit of Vacation—permeates our entire store—so do vacation prices. Nowhere will you realize this more than in the Children's Dept., where the very loveliest frocks of sheerest organdie, both plain and dotted, are to be found. They are priced so moderately that you will decide to get more than one. Just the thing for dancing school—in rose, pink, canary—a symphony of ruffles and lace.

When Is a Blouse—NOT a Blouse? Answer: When it's a camisole, a vest and a blouse combined. These little Camisole Vests are largely used in place of a waist with a "Tuxedo" seater, and are both new and practical. No sleeves, just a frilly little blouse front of Val or Fillet with straps to hold up. And they are so reasonable, too, \$1.98 to \$2.98. Shown in the Silk Underwear Dept.

When Mildly Seeks—relaxation and rest, and wishes to be COOL and COMFY, she can be so when wearing one of those charming Bandeaux of pink and blue ribbon with trimmings of dainty lace and the finest hand-made rose buds—so much cooler than a bouffant cap, and so becoming.

For the Sportsman, or—mothers traveling with little children, nothing offers the comfort and refreshment more than the famous Thermos Bottles. These wide-mouthed food jars carry ice cream, cold salad, fruit or hot soups—they will keep ice cream hard, or hot soups hot, for 12 hours. And they last for years (I mean the bottle). The case in the Basement is full of attractive patterns.

Even Scenery—becomes monotonous on a long railroad journey, and when time hangs heavy on one's hand a thoughtful traveler will tuck in his suitcase a tiny deck of cards, a box of dominoes or, best of all, a brand-new BOOK. All of which are found in the Basement.

In Anticipation—of the numerous calls you will have on you preparatory to setting your house in order for the coming season, ONE LOOK at the Oriental Rug which the Carpet Dept. is offering at very special prices will convince you that NOW is the time to buy.
